Letter of Recommendation

15th October 2018

Dear Hiring Manager,

I am very pleased to have the opportunity to recommend Helen Kang for the role of Web Designer at your company. I have worked with Helen for three months as her manager at ZoomZoom Tour, where she worked as Web Designer and Front End Developer and achieved many excellent results including our brand new partners mobile application UI and UX design and implementation as well as online user manuals for our partners. I am confident that her exceptional skills, professional experience, and personal qualities will make her a great asset at your company.

As Web Designer, Helen demonstrated her sharp design trend reading skill and willingness to learn new technologies to implement her design to perfection. In particular, she was able to carry out most tasks without any supervision. What's more, Helen's easy-going personality and passion for great design always made her a stand-out member of the team.

Helen has my highest recommendation for a Web and Front End design position. I have no doubt she will make a strong contribution to your team.

Should you have any questions regarding her candidacy or past work, please do not hesitate to contact me.

Yours sincerely,

Jerry Chang
